Sri Shiwendra Singh,
Secretary.

To,

Sri Vijay Anand Moonka,
Hony. General Secretary,
Singhbhum Chamber of Commerce & Industry,
Camber Bhawan, Bistupur, Jamshedpur.

Adityapur, dated 06.03.2012

Sub: Street Light charges.

Dear Sir,

With reference to your letter No. SCCI/077/01 dated 16.02.2012 this is to inform you that street light charges are taken only from such units where the lights have been provided for glowing. No charges are taken from the units which are located in non – glowing areas.

In case if bills have been raised from such units, where lights are not glowing it will be corrected if comes in notice of AIADA. In such cases you may please direct such units to contact for redressed of the grievances. In future bill will not be raised for these units.

As desired please note the following two roads are there, where, lights are not functional.

- a. From JMT to Ram Krishna Forging in 7th Phase.
- b. Micro Shed in 6th Phase.

The reason is that High Tension Over Head Line is passing there.

This is for your kind information and co – operation please.

Yours faithfully,

Secretary.
